

Ruth Evelyn can go far

Kids like Ruth Evelyn are special.

They have a certain sparkle...and a complex medical condition.

Gillette Children's Specialty Healthcare partners with you to craft customized treatment plans, utilize state of the art technology and expert medical specialists so kids can achieve healthier, more independent lives.

Our Complex Care providers coordinate with primary care, specialist providers and other resources to improve outcomes and support families for children who have chronic and complex medical conditions.

Ruth Evelyn dreamed of riding a bike. She was born missing both her arms. Her family turned to Gillette and technicians crafted a custom-made device that connects to her bike's handle bars. Now she's steering safely and peddling as fast as she can.
